Date of agreement January 19, 2001

Regulator Point of Contact Dave Kruchek, CDPHE 800 Area Decommissioning POC

Site Point of Contact Steve Tower, Industrial Area Decommissioning POC for DOE Rocky Flats

Specifics of the Agreement Reached

- Two specific agreements were reached, the first is that work proposed for the removal of janitor sinks, urinals, and toilets under Work Control No T011951 – 239 is authorized under DPP section 1 1 5, removal of fixed equipment connected to buildings systems This is work to remove sinks, toilets and urinals This work requires the sampling of sludge, if found, in the piping of the janitor sinks to be tested for heavy metals
- The second agreement was that work conducted under a RCRA Closure Description Document (CDD) does not also need to be approved under section 1 1 5 of the DPP Specifically this pertains to the RCRA UV and Cyanide units in building 881 but also to work across the Site in the future too
